

Ergo 525X Laser Ergonomic Flying Scroll Laser Mouse

Ergo 525X Laser is the latest laser mouse with Genius innovative Flying Scroll technology so you can experience the superior precision of high-performance laser technology plus navigating in eight different directions with fun and convenience.

Ergo 525X Laser delivers extraordinary control on virtually any surface with its precision 1600 dpi laser engine; and moves more accurately than any optical mouse. Plus the Genius innovative navigation tool, **Flying Scroll**, lets you navigate a web page or document the minutes you move the mouse and without using the traditional scroll wheel. *Ergo 525X Laser* features two programmable hot keys for previous/next page in IE or you can program these keys to work in Media, Office or the Internet. And there is a Norton Symantec 60 day free trial version included in the CD driver to prevent your PC from virus attack and firewall breach.
